The member relations committee interacts regularly with members & their communities to maintain a current knowledge of their service needs and interests. The committee makes recommendations on service policies which improve their effectiveness for service users and the credit union.

It is the credit union's desire to communicate effectively with members and the public, and to be appropriately represented in community affairs that produce mutual benefit and recognition.

Over the course of the year Radius Credit Union will be establishing committees in Avonlea & Pangman.

Supporting our Communities

Scholarships

Each high school that Radius Credit Union has a Branch in receives a \$750 scholarship which is awarded to a deserving Grade 12 student.
